Date :   /   / 20

Institutional Distinctiveness

Reaching to the expectations both of the Central Government as well as the students belonging to the local rural area, S.D. Arts and B.R. Commerce College, Mansa, has taken an initiative in technology-enabled spirit of higher education in the rural belt of North Gujarat. The college website was launched long back in 2008. Now, the students have Tablets in their hands provided by the State Government. They have mobiles too. The new generation is obviously techno-savvy. The new generation must be encouraged for building career with the help of technology, else technology may also lead them astray. And here the higher educational institute can play a key role for the students. The need, now, was to launch a Mobile App which can unify all stakeholders. Therefore, the college has launched a Mobile App named "Mansa College" in 2018 which serves the need of all—the principal, the faculty and the students. For coordination and communication between the principal and the faculty as well as among the members of the faculty, this Mobile App plays a significant role as it unifies all stakeholders for easy and instant communication. The principal can make new announcement or post news related to higher education in this App. The faculty can submit their leave application in the App for the approval from the principal. The faculty can also submit Timetable, syllabus, Question Papers, study material and video lectures for the students. Thus, the App is mainly student-centric. The greatest benefit of the App is that the students of the rural belt of North Gujarat, belonging mainly from farming community, use technology in study and enthusiastically communicate with the principal and the faculty. The combination of Tablets and College App creates wonder in unifying the principal, the faculty and mainly the students. The stakeholders can submit their feedback and suggestions through the App. The facility of Online Quiz is also there in the App. There is also a separate section of Events in which various college events are announced. The Mobile App, on the whole, centralizes all and also helps the principal in participative management. The main features and sections of the App are as follow:

----Posts= New events/news pertaining to institution or higher education

---Messages= Facility for internal communication

---Quiz= Opportunity for students to enrich their General Knowledge

---Assignment= Opportunity for students to submit their assignments in soft copy

---Timetable= Facility for students to know their lectures/ schedule in the institution

---Video Lecture= Facility for students to enrich their knowledge in core and elective subjects.

---Events= Opportunity for students to participate in events and to know college activities

---Photo Gallery= A reflection of events and themes

---Study Material= To enrich knowledge of students.

---Question Papers= A reflection of question-pattern for students

---Feedback= Facility to share and submit views/opinions of stakeholders

---Staff Area= Facility for staff to submit CL/DL
